## Internship Experience

---

### Cravita Technologies Pvt Ltd

Pune, Maharashtra

*Front end developer*

*Aug 2024 – Sep 2024*

- Developed responsive and user-friendly interfaces using HTML, CSS, JavaScript.
- ensuring cross-browser and cross-device compatibility.
- Worked with version control (Git, GitHub) for collaborative development, code reviews, and maintaining repositories.
- Optimized front-end performance by reducing load time, minimizing code redundancy, and implementing lazy loading

### Passion Software solution

Jalgaon, Maharashtra

*Full Stack developer*

*Jun 2024 – Jul 2024*

- Deployed web applications using Python (Django), HTML, CSS, Bootstrap, SQLite
- Implementing CRUD operations for user and application data.
- Tested and debugged applications, ensuring smooth end-to-end functionality and reliable performance.

## Projects

---

### Maha Metro Dummy Project (Nashik) *HTML, CSS, Bootstrap*

- Designed and developed a responsive front-end interface for Maha Metro dummy project using HTML, CSS, JavaScript
- Created interactive user pages for ticket booking, Maps(route details), and metro schedules, ensuring an intuitive user experience.
- Use reference of original website like ticket Booking.
- Implemented responsive design principles for compatibility across desktops, tablets, and mobile devices.

### Student Management System | *Python (Django), SQLite, Bootstrap, HTML, CSS, JS*

- Developed a Student management platform allowing users manage the student data like insert update delete Copy
- Created a responsive front-end in HTML and CSS
- Integrated with a Python backend for secure data processing.
